| Technology Stack

Frontend + Backend	Styling	Security	Database	Hosting	
NextJS	Ant Design	JWT Json Web Token	Supabase	Vercel	
Framework React modern untuk Fullstack Javascript Based	• Komponen UI siap pakai dan sudah memiliki Design Language Tersendiri	Masuk menggunakan cookie dengan token unik Bisa ada batas expiry untuk session based	Framework PostgreSQL Web Platform untuk Hosting Database	Web Platform untuk Hosting Javascript code (Khusus untuk Nextjs)	
Mendukung SSR & SSG untuk performa cepat Bisa pakai Typescript		Prisma	Sudah tersedia monitoring dan analitik	 Sudah tersedia monitoring dan analitik 	
Github Actions		ORM Builder untuk PostgreSQL Sanitasi Otomatis			
Penyimpanan Repositori Github Actions CI/CD					

Technology Stack Choices

Vercel

Estimated Cost:

- Harus Contact pihak vercel karena harga custom spesifikasi
- Rentan harga sekitar 25K- 50K USD/YEAR

Garansi:

 Kalau pakai plan enterprise, bisa di support vercel langsung terkait masalah/ticketing dll

Pricing dan List Fitur Enterprise: https://vercel.com/pricing

Technology Stack Choices

Supabase

Estimated Cost:

- Harus Contact pihak supabase karena harga custom spesifikasi
- Tidak ada laporan rentan harga di internet, harus kontak langsung pihak supabase

Garansi:

- Kalau pakai plan enterprise, bisa di support supabase langsung terkait masalah/ticketing dll
- Akan disediakan satu seorang support manager langsung khusus untuk satu pelanggan

Pricing dan List Fitur Enterprise: https://supabase.com/pricing

Technology Stack Choices

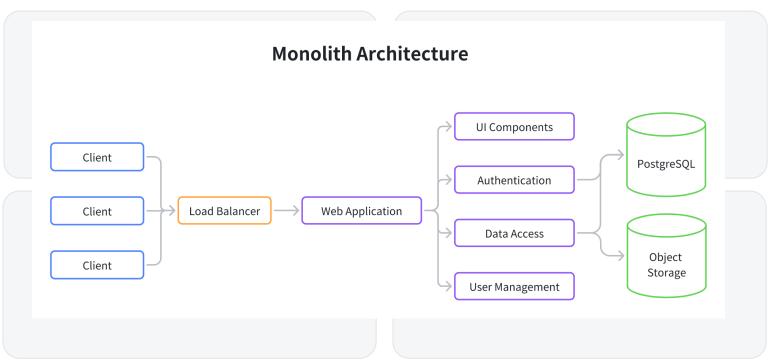

Prisma

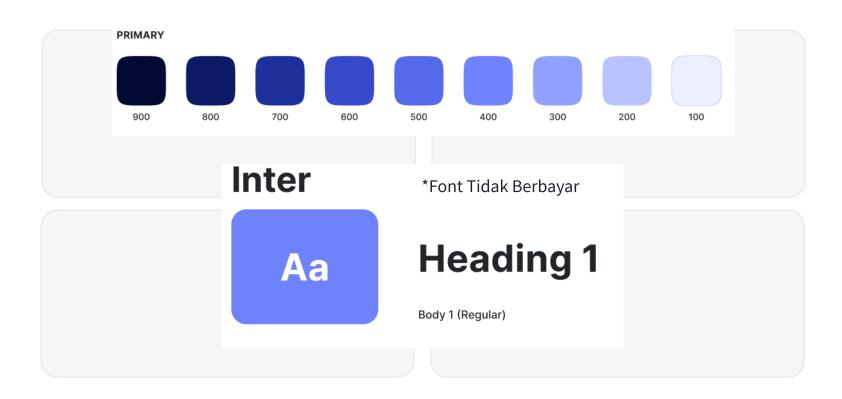

Prisma **FREE** karena hanya sebuah ORM Builder untuk membantu type safety query bagi programmer
